EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Terrance J. Wikberg on 19 December 2005.

The application has been amended as follows:

Replace claim 6 as below.

-- 6. A liquid-jet apparatus comprising any one of the liquid-jet heads according to any one of claims 1 to 5. --

2. The following is an examiner's statement of reasons for allowance:

In the remarks dated 6 October 2005, Applicant submitted comments in response to the examiner's statement of reasons for allowance. Although it appears applicant is in disagreement with the examiner's statement of reasons for allowance, the examiner notes that the claims are taken in whole. Therefore, the examiner's interpretation of reasons for allowance stands as applicant's claimed invention includes a liquid-jet head that has a passage-forming substrate where a region of the passage-forming substrate facing the piezoelectric element holding portion is thicker than an outside region of the passage-forming substrate facing the piezoelectric element holding portion, when the

piezoelectric elements are in a non-activated state. It is this limitation, expressed in the claimed combination not found, taught, or suggested in the prior art that makes these claims allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Geoffrey Mruk whose telephone number is 571 272-2810. The examiner can normally be reached on 7am - 330pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Stephen Meier can be reached on 571 272-2149. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
